With over 25 years of experience, Martin is the national Technical Director for Nexia Australia & New Zealand. He also leads Nexia Australia's Financial Reporting Advisory

Formal education

- Bachelor of Economics, University of Sydney
- Fellow of Chartered Accountants Australia and New Zealand

Professional expertise

- Financial reporting
- Accounting policies and interpretations
- IFRS accounting advice

Martin is responsible for providing advice to clients and staff on the application and interpretation of Australian & NZ financial reporting requirements. This includes, International Financial Reporting Standards (IFRS), monitoring financial reporting developments and formulating accounting policies and interpretations. He also delivers relevant training internally to staff and externally to clients.

Martin was a member of the AASB's Income of Not-for-Profit Entities Project Advisory Panel. As a Panel member, Martin provided technical expertise and sector experience to assist the AASB staff develop the income accounting standard for not-for-profit entities, AASB 1058. He is also a current member of the AASB's Not-for-profit Project Advisory Panel.

Martin has over 25 years of experience working with major Australian listed companies, emerging companies, for-purpose (not-for-profit) and public sector entities. Prior to joining Nexia, he was a technical accounting partner at a Big 4 accounting firm in Sydney.

Martin has provided accounting advice and assistance to clients in a wide range of industries, including education, for-purpose (not-for-profit), property and construction, manufacturing, retail, services and resource sectors.

He has provided accounting advice and assistance to higher education and public sectors in NSW for many years. Regularly presenting new and emerging financial reporting issues to clients, staff and industry associations.

As a technical accounting specialist, Martin brings a depth of experience and insight on current and emerging financial reporting issues to deliver appropriate client outcomes.
