With over 25 years' of experience, Martin is the national Technical Director for Nexia Australia & New Zealand and leads Nexia Australia's Financial Reporting Advisory service.

Martin is responsible for providing advice to clients and staff on the application and interpretation of Australian & New Zealand financial reporting requirements, including International Financial Reporting Standards (IFRS), and formulating the firm's response to current and emerging financial reporting developments.

Martin was a member of the AASB's Income of Not-for-Profit Entities Project Advisory Panel. As a Panel member, Martin provided technical expertise and sector experience to assist the AASB staff develop the income accounting standard for not-for-profit entities, AASB 1058. He is also a current member of the AASB's Not-for-profit Project Advisory Panel.

Martin brings over 25 years' experience working with Australian listed companies; small to medium enterprises; and not-for-profit and public sector entities. Prior to joining Nexia, Martin was a technical accounting partner at a Big 4 accounting firm in Sydney.

Martin has provided accounting advice and assistance to clients in a wide range of industries including the education, not-for-profit, property and construction, manufacturing, retail, services and resource sectors. Martin has considerable public sector accounting policy experience and has provided technical accounting advice to a number of New South Wales public sector entities.

Martin is also a regular presenter on new and emerging financial reporting issues to clients, staff and industry associations.
